

How to clear cache in Chrome

Here's how to clear browser cache in Chrome manually:

1. Click the 3-dot icon in the top right corner of Google Chrome browser.
2. Choose Settings.
3. At the bottom of the menu, choose *Advanced*.
4. Click "Clear browsing data."
5. Deselect all, but *Cached images and files*.
6. Timewise, choose *All time*.
7. Hit "Clear data" button.

How to clear cache in Firefox

Here's how to delete cache in Firefox manually:

1. Click the hamburger icon in the top right corner.
2. Choose Privacy & Security on the left sidebar.
3. Scroll to the section "Cached web content" menu item.
4. Now, click *Clear Now* to delete Firefox cache.
5. Exit/quit all browser windows and re-open the browser.

How to clear cache in Safari

Safari is a little trickier than the rest of the browsers. You could remove caches together with all the other website history through History — Clear History in menu bar.

But if you need more precision, here's how to empty cache on Safari browser:

1. In the top menu, choose Safari.
2. Click *Preferences*.
3. Choose the *Advanced* tab.
4. Enable *Show Develop menu in menu bar*.
5. Now go to *Develop* in menu bar.
6. Choose Empty caches.
